so that they may take hold of the life that is really life.”*

*- 1 Timothy 6:19*

### **Why are we conducting a Capital Fund Appeal at this time?**

70 years ago, our first foundation was laid by a group of individuals who had a dream of building the first Lutheran church in Dobbs Ferry. That small first church is now a growing, vital congregation that bears witness as a community of the faith.

In 2008, Dobbs Ferry Lutheran Church was presented with many challenges, including hiring an interim pastor while continuing to call a new pastor, making emergency repairs on the church and Storm Street properties, and conducting extensive work to prepare our parsonage for a new pastor. Now, as our country and our congregation face one of the toughest economic times in our history, we are challenged to prioritize where we put our time, our efforts and our money.

It is now *our time* in our church's history to continue the legacy of hope and faith in our future. And it is now *our turn* to continue to build on the foundation that began 70 years before us. It is... *our time*... and *our blessing*...  
Thanks be to God!
